Diocesan Board and Schools Working Together**

INTRODUCTION

Welcome to our training programme for 2021/22 for governors in our Church of England schools in the Diocese of Southwark.

The Southwark Diocesan Board of Education's (SDBE) offer of CPD to our governors includes; the Bishop's Certificate and trainings.

- **The Bishop's Certificate:** Governors play a key role in developing and improving their schools; clarity about the role of governing bodies is crucial to an effective partnership between governors, the Headteacher and staff. The Bishop of Southwark acknowledges this important role played by governors of Church of England Schools in the Diocese of Southwark and endorses this modular course which aims to clarify and develop the role of the governing body in a Church of England school.
- **Training:** on a range of topics and for specific groups of governors, e.g. new governors.

A summary of the current programme is provided on pages 5 – 6 and details of each session are included in this booklet.

29 March 2022 (*repeat session*)

Time: 18.30 – 20.30

Target Group: Governors

Keeping children and young people safe is central to the work of both the SDBE and schools. The SDBE has developed a half-day training session supporting colleagues to secure a culture of vigilance, to evaluate and where appropriate, strengthen their processes for safeguarding children and young people. Although the Department for Education (DfE) is responsible for setting the statutory guidance in relation to 'Keeping Children Safe in Education', it is Ofsted who make a judgement on the effectiveness and culture of safeguarding within a school setting. An 'ineffective' safeguarding judgement during an inspection has a significant impact on the overall effectiveness judgement for a school even where other areas, such as teaching, learning and assessment may be strong.

This two hour course is designed to support governors in ensuring that safeguarding is effective within schools.

This course will include the following key elements:

- The centrality of developing a safeguarding culture within schools
- The current statutory DfE requirements in relation to 'Keeping Children Safe in Education'
- Information on how inspectors gather evidence of the effectiveness and culture of safeguarding during inspections
- The role of the governing body in ensuring statutory requirements are fully met
- The Single Central Record (SCR)
- Safer Recruitment processes
